Member Focused

Financial Partners

Community Proud

Mid-Year Update: 2026

As we reach the midpoint of the year, I want to thank you for being a valued member of Robins Financial Credit Union. This year is off to a strong start and I'm excited to share some of the milestones we have reached so far.

Member Focused. In early February, we celebrated the grand opening of our newest branch in Eastman. This location allows us to better serve members in Dodge County and the surrounding communities, and we look forward to its continued growth and impact.

Financial Partners. Later this month, we will introduce Robin, your new Digital Assistant on the phone. Designed with your convenience in mind, Robin will make it easier to access account information, complete simple transactions, and get answers to common questions; without long wait times. Be sure to follow us on social media and visit our website for updates as we approach launch day.

Community Proud. Supporting the communities we serve remains at the heart of what we do. So far this year, we have contributed more than **$375,000** to local nonprofits making a meaningful difference. In addition, our team members have dedicated over **2,000** volunteer hours to community initiatives. We also continued our commitment to education by awarding **$92,000** in scholarships to 37 graduating high school seniors. These funds will help support their next steps, whether attending a college, university, technical or trade school. We believe education is a foundation for a brighter future, and we are proud to invest in the success of these students.

Thank you for your continued trust in Robins Financial Credit Union. As we look ahead to the rest of the year, our focus remains on you, our members. We will continue to seek new ways to improve, innovate, and deliver value while staying true to the principles that have guided us from the beginning.

Christina O'Brien

Beware of Phishing Scams

Phishing scams are just one of many ways scammers try to get their hands on your private information.

Through phishing, scammers will send a message posing as someone else, like a reputable company or your credit union. Their goal is to trick you into sharing personal identifying information, such as financial account information, debit and credit card details, login credentials, or other sensitive information.

There are several ways you can protect yourself from phishing scams:

- Never click on links in a message if you're unfamiliar with the sender or if the message seems suspicious.
- If you're unsure if a phone number or website link is legitimate, contact the company directly using the contact information on their website or your banking statement.
- Never confirm or provide personal information via email, text, or over the phone, including financial account numbers, credit or debit card details, or login credentials especially for Digital Banking.

The safety and security of our members is a top priority. Protecting your information works best when we have your help. To learn more ways to protect your accounts, visit our website at **www.robinsfcu.org/security-fraud.**

Introducing Robin, Your Digital Assistant

Enjoy a more convenient and easier way to bank over the phone with **Robin, your new digital assistant.** Powered by advanced automation, Robin can answer common questions, guide you to the right services, and even complete secure tasks after quick authentication. Whether you're checking branch hours and locations, looking up rates, or getting help with your account, Robin delivers quick, accurate support, reducing wait times and helping you get what you need, when you need it.
